## Work Experience

**Associate Software Engineer** | Zapproved, Portland, OR.  
October '19 – Present

- Full stack engineer on an agile team building and integrating a new product onto a complex analytical SaaS platform for legal teams.
- Involved in every stage of development from grooming and planning to development, QA and deployment.
- Worked closely with the UX designer to optimize front end experience and performance.
- On support rotation, utilizing the AWS platform to resolve product and customer issues.

**Instructor** | Coding with Kids, Portland, OR. June '19 – Present

- Teaching programs such as Scratch and Web Dev for Kids to elementary school children in weekly camps.

**Key Account Specialist** | Founders Brewing. Mar '17 – June '19

- Working as a business consultant to clients, utilizing data analysis and marketing materials to increase business.
