Education

Full Stack Program Thinkful, March 2019 - Present
• 800+ hours learning front and back end frameworks, working independently to design and build projects.
• Fully remote program compels students to manage time wisely, find external resources, and work autonomously.

Bachelor's Degree in Psychology University of California, Santa Cruz, 2010

Soft Skills

Strong Public Speaker
Problem Solver
Communicative
Organized & Independent
Enthusiastic
Avid Learner

Projects

MeetMe| A travel app for bringing people together in one location.
• Utilizes Hipmunk API to generate flight itineraries from two departure cities to a common destination.
• Unsplash API adds destination location photos.
• Debugging: Worked through complex API data to return coordinating information in a user-friendly way.
• Created with HTML, CSS, JavaScript, jQuery and REST APIs.
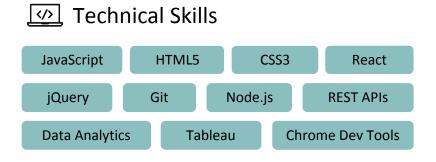

Jot | A note organization app.
• Users can create and delete notes and folders, keeping notes organized for easy accessibility.
• The use of React Router makes this app more user-friendly and gives a faster response time to page navigation.
• Debugging: Resolved issue of adding new folders to folder drop-down menu in note component.
• Created with React, NPM, JavaScript and CSS Grid.

What to Wear | A social app for giving and receiving live feedback on user-posted content.
• Full CRUD capabilities, including the ability to upload photos and vote on other user's photos.
• Currently in production with React, NodeJS and PostgreSQL.

Harry Potter Quiz | A stylized 10 question quiz for muggles.
• Program tracks user-submitted feedback against correct answers, giving appropriate responses based on accuracy.
• Debugging: Resolved issue of matching user selected answer to correct answer from data store.
• Created with HTML, CSS, JavaScript and jQuery.

Technical Skills

JavaScript	HTML5	CSS3	React
jQuery	Git	Node.js	REST APIs

Interests

I'm a **Certified Beer Cicerone**, which is a fancy way of saying I am really good at drinking beer.

I've visited **27 Countries** so far.

Work Experience

Instructor | Coding with Kids, Portland, OR. June '19 – Present
• Taught programs such as Scratch and Web Dev for Kids to elementary school children in weekly camps.
• Tailored lesson plans to suit individual and group skill levels, working with students to understand the logic behind coding.

Key Account Specialist | Founders Brewing, Portland, OR. Mar '17 – June '19
• Management of top chain and venue accounts in the NW, successfully landing large volume placements.
• Worked as a business consultant to clients, utilizing data analysis and industry knowledge to grow the business for the client as well as Founders.
• Led meetings by creating and delivering presentations to distributors, accounts and internal divisions.

Regional Sales Representative | Stone Brewing, Portland, OR. Feb '15 - Dec '16.
• Worked with cross-functional teams to attain sales goals and increase brand awareness throughout the lower PacNW region.
• Led quarterly and annual business plan meetings, including creation of sales projections and regional strategies.
• Won the award for largest growth of an internal focus brand.

Brand Manager | Freewheel Brewing Co., Redwood City, CA. Jan '13 – Oct '14
• Build the brand through beer style market analysis, relevant marketing and event coordination, and community engagement.
• Created and expanded the external sales and distribution department; consistently met monthly sales goals for the company.
